

## Leading Australian Provider of Defence Integrated Solutions

Varley provides world-class innovative solutions for the land, air, sea and cyber domains, including:

- Deployable military hard shelters, including integration of mission systems and support equipment
- Integrated lightweight, medium and heavy vehicle body modules, trailers and vehicle fit-outs for military, police, emergency, rescue, fire-fighting, communications and health capabilities
- Aircraft maintenance docking systems and ground support and test equipment
- Marine watercraft, fit-outs, gangways and access platforms
- Development of INTROSPECTUS® for Essential Eight compliance as recommended by the Australian Cyber Security Centre (ACSC)

## CORE CAPABILITIES

- Project Management
- Systems Engineering and Integration
- Prototype Development
- Light, medium and heavy metal fabrication
- Precision machining and sheet-metal routing, cutting and folding
- Vehicle body building and fit-out
- Abrasive blasting and painting
- Integrated logistic support
- Verification and validation
- Maintenance, repair, overhaul and upgrade

## DISCRIMINATORS

- Supplier of world class innovative turnkey solutions
- Long established and financially viable
- Solid past performance delivering high quality workmanship
- Highly skilled, experienced and diverse workforce
- Advanced engineering, manufacturing and management practices
- Export control compliance

## KEY CUSTOMERS & PROJECTS

- **Australian Defence Force:** Logistics Shelters, Satellite Communications (SATCOM) Trailers, AIR90 Deployable Identification Friend or Foe (IFF) Testing Capability, C-27J Maintenance Work Stands and F-35 Aircraft Maintenance Access Platforms
- **Lockheed Martin:** F-35 Deployable Duty Mission System (DDMS) Shelters, Tactical Air Defence Radar System (TADRS) Cabins and Lifting and Handling Equipment
- **Raytheon:** Evolved Sea Sparrow Missile (ESSM) Block 2 Storage & Transport Containers and Land 19-7 EO/IR Sensor Vehicle Modules
- **Boeing Defence Australia:** Land 2072-2B Battlefield Communications System (BSC) Deployable Data Centre Modules, F/A-18F Super Hornet Work Stands and EC-135 Helicopter Maintenance Stands
- **BAE Systems:** F-35 Aircraft Maintenance Access Platforms
- **Lendlease:** P-8A Aircraft Maintenance Docking Systems
- **New Zealand Ministry of Defence:** P-8A Aircraft Maintenance Docking System
- **Northrop Grumman:** KC-30A Multi-Role Tanker Transport (MRTT) Aircraft Maintenance Docking System
- **Thales Australia:** Protected Mobility Vehicle – Light (PMV-L) Cargo Modules & Crew Procedural Trainer (CPT) Simulation Containers
- **Mercedes-Benz Australia Pacific:** Land 121 Phase 3A/5A Light and Lightweight Vehicle Modules
- **Rheinmetall Defence Australia:** Land 121 Phase 3B/5B Medium and Heavy Vehicle Modules
- **Rohde & Schwarz:** Transportable Air Operations Tower (TAOT) Trailer

## CERTIFICATIONS & ACCREDITATIONS

- ISO9001:2015
- Australian recognised defence supplier
- Member of Australian Defence Industry Security Program (DISP)
- Recognised strategic supplier to Joint Strike Fighter (JSF) Program
- NIST 800-171
- CMMC Level 1
