

## KANYANA ENGINEERING - WA OWNED SOVEREIGN MANUFACTURER

- 28+ years delivering precision sheet-metal fabrication and laser cutting
- DISP Entry Level certified – Defence-ready security embedded
- Triple ISO certified – ISO 9001 (Quality), ISO 14001 (Environment), ISO 45001 (Safety)
- Advanced automation, Industry 4.0 digital systems, full material traceability
- End-to-end capability: design, cutting, forming, welding, finishing, assembly

## CAPABILITY

- Laser Cutting: 2x Fiber Lasers (15kW & 20kW) – cut up to 50mm, 6000x2500mm sheets
- CNC Bending/Folding: Automated press brakes for precision forming
- Welding: MIG, TIG, Spot & Arc – Defence-grade, coded welders
- Fabrication & Assembly: Small to large-scale projects with sub-assembly integration
- Finishing: Metal finishing, polishing, and protective coatings
- CNC Machining: In-house milling & turning
- Digital QC Systems: PPAP, ITPs, MDRs, full track-and-trace

## COMPETITIVE DISCRIMINATORS

- DISP embedded – ensuring secure, compliant Defence supply chain handling
- Sovereign Australian manufacturer – reducing supply chain risk & strengthening resilience
- **Heavy investment in advanced tech** – 20kW fiber laser (50mm cut), automated tooling, robotics
- Proven delivery record to Defence primes and Tier-1s
- Defence-grade quality and accountability – material certification & digital workflows
- Regional WA location supporting sovereign jobs & workforce development

## KEY CUSTOMERS / MARKET / QUALITY AND CERTIFICATION

### Key Customers & Partners:

- BAE Systems, ASC, Knorr-Bremse, Alcoa, Defence West, CPS National, Hexagon, Henderson Alliance

### Key Markets:

- Defence (Land, Sea, Infrastructure Support)
- Mining & Resources
- Transport (METRONET)
- Commercial & Agriculture

### Quality Standards & Accreditations:

- ISO 9001, ISO 14001, ISO 45001
- DISP (Defence Security Principles Framework)
- Member of JOSCAR-AU, ICN, Henderson Alliance

# Our Mission is to Support your Mission

## VALUE PROPOSITION

Precision, compliance and innovation across critical sectors including Defence, Mining, METRONET transport infrastructure, Autonomous Technology, Agriculture and Commercial industries.

WA owned and operated – delivering true sovereign Australian manufacturing capability that reduces supply chain risk and strengthens national resilience.

## TRUSTED PARTNER

Trusted partner to Defence primes, major resource companies and infrastructure projects, with a reputation for on-time delivery, technical capability, and collaborative problem-solving. Investing heavily in next-generation manufacturing technologies and workforce development, ensuring long-term capability, regional jobs, and scalable growth for future programs.
