

# CAPABILITY OVERVIEW - DEFENCE (LAND, SEA & AIR)

## WHO WE ARE

The Eptec Group delivers whole-of-life asset protection through corrosion and cathodic protection solutions. For 25 years, we have been the trusted partner for government and major infrastructure clients.

We are the largest preservation contractor to the Australian Navy with a presence in all major shipyards and extensive experience working on Australian, US and NZ Navy ships and commercial vessels. As a direct supplier to the Department of Defence, we have robust sovereign capability with an established network of local supply partners.

Eptec is an Australian-owned company with a highly skilled workforce of over 650 committed people. We have a strong reputation for delivering high standards on time and in challenging environments.

## CLIENTS

## DEFENCE – LAND, SEA & AIR SOLUTIONS

Eptec Group's Defence solutions use the latest resin paint technology to protect naval vessels (including RAN ship classes), land-based infrastructure, aircraft and vehicles, ordnance and general military equipment. We deliver:

- Heritage restoration and environmental protection on various substrates:
  - Hazardous coating removal
  - Waterproofing membrane application
  - Marine protection, including cathodic protection
  - Passive fire protection
  - Asset protection - water, sewerage, resources & energy.
- Structural remediation and asset protection:
  - 24/7 on-site blasting and coating (inc. epoxies, urethanes, polyurethanes, silicone and anti-fouling systems) and restoration
  - Experienced marine diving team for coating, installations and engineering assessments, (inc. underwater video surveying).

## OUR DIFFERENCE

It is our capability and capacity to rapidly mobilise and deliver exceptional whole-of-life asset solutions that sets us apart. We pride ourselves on:

- Our people and their outstanding work ethic
- Zero Harm is in the hearts and minds of all of our people
- Unmatched industry expertise
- Always deliver on time
- Whole-of-life solutions.

## ACCREDITATIONS

- ITAR Accredited for ASC, BAE Systems & Thales
- PCCP Class 1-4, 5A, 5B & 6
- AMPP (previously NACE) certified supervisors, engineers and workers.
