

Company overview

Aurecon is a design, engineering and advisory company. Our purpose is bringing ideas to life, to imagine and co-create with our clients a better future for people and the planet.

Our culture of **Believe it. Say it. Do it.** reflects our deep commitment to our clients and each other to build trust and create a better future together.

We are a team who place eminence, digital and innovation at the core of all we do.

Our strength lies in how we bring together our design, engineering and advisory capabilities to provide our clients with integrated solutions across the entire asset lifecycle. From shape and plan – design and deliver – operate and optimise – to close and transform.

Aurecon designers, engineers, scientists and advisors work with our clients across markets and asset types, to tackle some of the world’s most complex challenges.

We are an owner managed company with a strong presence across Australia, New Zealand, and Asia.
