

CAPABILITY STATEMENT

Pacific Aerospace Consulting (PAC) is a veteran-owned business comprised of two independent companies in Australia and the US, which provides worldwide support capabilities for our Australian, US and international partners. The PAC team can enable our client's success within a rapidly evolving, globally integrated environment through niche technical and operational skills, a strategically located workforce, and commitment to innovation.

CYBER SECURITY

- Infosec Registered Assessor Program (IRAP) Assessment
- ISO 27001 Audit
- Certification and Accreditation assistance
- Technical and administrative development and remediation of identified gaps
- Client-embedded roles, including Information Technology Security Officer (ITSO) and System Administrators
- Training and education at all levels, emphasising risks associated with cyber threats and potential impacts

INFORMATION DOMAIN EXCHANGE

- Capability lifecycle documentation
- System Engineering, Testing & Evaluation
- Integration of secure, interoperable communication systems, including Link 22, Link 16, SAT TDL J and JREAP A/B/C
- Operational support for TIE and C4i systems
- Digital communication product support and helpdesk services

MISSION SYSTEMS

- Operational mission systems expertise
- Data, device and asset management
- Field service support and user training
- Information Security Policy interpretation & implementation
- Accreditation of in-service operational systems
- Information architecture advice

TRAINING AND SIMULATION

- Program Management
- Device Fidelity Management
- Operational and Sustainment Support
- Technical Support of Live, Virtual & Constructive (LVC) environments
- Advanced Methods of Simulation courses
- Specialist training services

WHY PAC?

- Integrity, professionalism, and flexibility are core to everything we do
- We are an established and trusted partner who delivers superior operational outcomes
- We empower our clients with the knowledge to ensure success
- Our workforce of diverse backgrounds is strategically located to support our clients
