

Team Defence Australia

Support for Companies

As part of Industry Engagement Division in Capability Acquisition and Sustainment Group, the Team Defence Australia (TDA) Program is the national platform for Australian defence industry to showcase their goods, services, technologies and solutions at international trade events.

For companies selected to attend an international trade show as part of the TDA industry delegation, TDA will provide:

- Free space on the custom-built 'Australia' pavilion
- Exhibitor passes
- Pre-event support and advice
- Senior Military support and advocacy
- Access to facilities and meeting rooms
- Briefings, networking and business-to-business matching
- On-site support from TDA representatives at the trade show

TDA will not cover:

- Flight costs
- Travel insurance
- Accommodation costs
- Freight costs
- Travel exemption related expenses
- Quarantine expenses
- Public liability insurance

Austrade will also provide support to delegates through arranging business-to-business meetings with and/or visits to the TDA stand by potential partners. This service is free of charge to delegates according to the Austrade resources available.

Expression of Interest (EOI) Selection Criteria

Due to ever-increasing interest in TDA trade events, the below selection criteria will be used to assess EOIs. They are not necessarily in priority order.

Mandatory:

- Part of Australia's sovereign industrial base as per the definition in the Defence Industry Development Strategy (DIDS);
- Whether the entity owns the intellectual property in their product or service being promoted at the trade event;
- Has the capacity to provide defence specific or dual use goods or services that leads to the Australian Department of Defence or an international defence partner; and
- Registration with Defence Export Controls (DEC) and evidence of a DEC Client Registration Number (DCRN).

Down-select:

- Available floor space;
- The extent to which the entity, product or service contributes to a Sovereign Defence Industrial Priority (SDIP);
- Entity capability match to theme of the trade event; and
- Level of critical value-add TDA participation will provide.

Defence Export Controls (DEC)

DEC is the Commonwealth regulator for the responsible movement of Defence-related goods, technology and services both within and outside of Australia.

DEC supports stakeholders from government, industry, higher education and research sectors, and private individuals to meet their obligations under Australia's export control laws.

In order to submit your EOI with TDA, you will need to demonstrate that you have registered with DEC by providing a DEC Client Registration Number (DCRN).

You can apply for a DCRN through the [My Australian Defence Exports \(MADE\) portal](#).

The temporary export of controlled goods, software and technology for the purposes of exhibition and demonstration will require a permit. If your goods are controlled, or if you are unsure, please apply for a DEC permit through the MADE portal.

If you have any questions regarding DEC, please contact:

- 1800 332 362 (select option 4) – 8.30am to 4.30pm Monday to Friday (AEST/AEDT)
- exportcontrols@defence.gov.au
