

# VARLEY GROUP

## OVERVIEW

Leading Australian supplier specialised in Design, Manufacture, Through-Life-Support and Sustainment of systems across the Land, Air, Sea and Cyber domains, including:

- Deployable Military Hard Shelters including Integration of Mission Systems and Support Equipment
- Integrated Lightweight, Medium and Heavy Vehicle Body Modules, Trailers and Vehicle Fit-outs for Military, Police, Emergency, Rescue, Fire-Fighting, Communications and Health Capabilities
- Aircraft Maintenance Docking Systems and Ground Support & Test Equipment
- Marine Watercraft, Fit-outs, Gangways and Access Platforms
- Non-GPS Navigation Systems
- Avionics Integration
- Cybersecurity

## CORE CAPABILITIES

- Project Management
- Systems Engineering and Integration
- UAS Software and Systems Engineering
- Prototype Development
- Light, Medium and Heavy Metal Fabrication
- Precision Machining and Sheet-metal Routing, Cutting & Folding
- Vehicle Body Building & Fit-out
- Abrasive blasting and Painting
- Integrated logistic support
- Verification & validation
- Maintenance, Repair, Overhaul and Upgrade

## DISCRIMINATORS

- Supplier of World Class Innovative Turnkey Solutions
- Long Established & Financially Viable
- Solid Past Performance Delivering High Quality Workmanship
- Highly Skilled, Experienced and Diverse Workforce
- Advanced Engineering, Manufacturing and Management Practices.
- Extensive Export Experience – ITAR

## CERTIFICATIONS / ACCREDITATIONS

- ISO9001:2015
- Australian Recognised Defence Supplier
- Member of Australian Defence Industry Security Program (DISP)
- Recognised Strategic Supplier to Joint Strike Fighter (JSF) Program

## KEY CUSTOMERS

- Lockheed Martin – F-35 Deployable Data Management System (DDMS) Shelters, Lifting & Handling Support Equipment
- Department of Defence – Deployable IFF Test Capability, Logistics Shelters, SATCOM Trailers, C-27J Maintenance Work Stands
- Lendlease – P-8A Aircraft Docking Systems
- Thales Australia- PMV-L Hawkei Cargo Modules, CPT Simulation Containers
- MBAuP – Land121 Ph3A/5A Light & Lightweight Vehicle Modules
- RMMVA – Land121 Ph3B/5B Medium weight & Heavy Vehicle Modules
- Rhode & Schwarz – Deployable Air Operations Tower (TAOT) Trailers
- Raytheon Missile Systems – ESSM Blk2 Shipping Containers
- Boeing Defence Australia – Battlefield Communications Vehicle Terminals, F/A-18F Super Hornet and Training Helicopter Maintenance Work Stands
- US Navy / CTSi - F/A-18 C/D AGCAS, UAS Common Control Station, X-47 Systems Engineering, MQ-25 Modeling and Simulation, SASET MH60-R LVC Embedded Trainer
- US Army / CTSi – AH-34 Apache Simulation Integration
