## Competitive Discriminators

- With 40 years of industry experience troubleshooting and refining a wide range of business practices, I am able to get in and get the job done - with you, or for you efficiently.
- A unique eye for simplicity – identifying where processes may be too complex and simplifying or explaining more clearly
- Independent and flexible – working to your goals
- I work on a day rate with no long contracts - just to get the job done
- I work remotely wherever possible to keep your costs down.

## Capabilities, Certifications & Accreditations

- Business Management Diploma, Professional Certified Coach, Cert IV Workplace Training, and many more
- More importantly – close to 40 years experience.
- Tools and Hands-On support for implementing and running successful Business Management Systems.
- Many of my clients in the past were very good at their business, but lacked the right resources to push to the next level.
- Preparing for ISO9001 Quality certification is a major task for employees to undertake on their own, so my experience in this can help speed that along
- Author 2 books
