

Company Overview

Australian and family owned business Valley Fasteners was first established in 2006 in Rutherford. With three NSW branches in Rutherford, Muswellbrook and Gunnedah, Valley Fasteners has quickly extended well beyond fasteners filling a demand in supply needs of local Industrial, Engineering, Mining, Rail and Civil companies.

The business has become a one stop shop with access to more than 40,000 products across a broad spectrum of categories including Safety and PPE, Abrasives and Cutting Tools, Welding and Materials Handling, Washroom, Paints and Lubricants, Hand and Power Tools.

At Valley Fasteners we are continuously working to find the best supply channels and cultivate the best team of expert staff enabling us to provide customer relationships that encompass our core values of quality, reliability, safety, and value for money.
