

Bonboo Cyber Advisory

Supporting Your Business to Achieve Defence Readiness and Security

Bonboo Cyber Advisory supports organisations entering the defence supply chain, and growing businesses needing a clear, practical approach.

We combine defence credentials, structured methodology, and proprietary tooling to deliver cyber security advice that is grounded, actionable, and commercially viable.

Our Process: From Discovery to Assurance

1. DISCOVERY: Initial Discussion
2. AWARE: Assessment Engagement
3. ASSIST: Report & Roadmap Workshop
4. ADAPT: DISP Application Pathway
5. ASSURE: Ongoing Support

Why Bonboo

- All engagements are supported by **CyberAssess™**, our assessment platform
- We do not sell software or IT services
- Our advice is independent and aligned to your business, not product sales

- ✓ Defence-grade cyber security, delivered across the Sydney–Newcastle region.
- ✓ Independent, government-aligned cyber advisory you can trust.
- ✓ Long-standing Defence Industry Security Program (DISP) member.
- ✓ Trusted to operate within Defence's highest security and compliance frameworks.

We have joined the Veteran Employment Commitment and been recognised as a Veteran Employer of Choice
